

Come explore how your surrounding environment affects your community's mental health, what makes us feel whole and restored, and how to creatively express yourself through theater.

You will work together to create an original theater piece, share your powerful stories on the stage, and inspire your friends, family, and community to make positive change for themselves and their environment in Waterbury.

Led by ASAP! teaching artist, poet, and theater artist Leah Joy Pearson (MayaRose Spoken Word).

An arts-infused education organization whose programs open the door to self-discovery, meaningful connection, and joyful learning.

WHY ART AND AND THEATER?
